

Laker Schools Acceptable

Use Agreement

The purpose of the Laker School District's Technology, Computer and Network Acceptable Use Agreement is to help learners use technology in school and at home to facilitate learning on a 24/7 basis.

The Acceptable Use Agreement (AUA) provides guidelines for using computer hardware and software on individual computers/devices, on local area networks, wide area networks, wireless networks, the Internet and companion technological equipment (i.e. printers, servers, whiteboards, projectors, etc.). The guidelines establish rights and responsibilities for all users. All users of the network and technological devices are expected to follow the guidelines or risk loss of computer privileges.

The signatures on the Laker AUA (located at the end of this document) are binding and indicate that the parties who signed have read the terms and conditions and understand their meaning.

Users who knowingly access prohibited information or who disregard guidelines will be subject to disciplinary action.

I acknowledge that I am responsible for my actions on my device and for following the specific rules established for the use of the hardware, software, labs, and networks throughout the district. I understand that failure to do so could result in a loss of technological privileges.
